TO FOUND A CHARITY

IMMENSE WILDER ESTATE TO PROVIDE HOME FOR WORTHY POOR OF ST. PAUL.

THREE MILLION AVAILABLE

Passage of a Special Law Which Was Signed by Governor Van Sant a Few Hours Before Mrs. Wilder Died Makes Legal the Will Bequeathing the Vast Estate to Charity—Provides Free Public Baths.

St. Paul, April 18.—By the terms of the last will of the late Fanny S. Wilder, which was filed for probate Friday, the city of St. Paul is assured the largest, and what will, in all probability, be one of the most liberal charitable institutions in the Northwest.

It is estimated that in the neighborhood of \$3,000,000 will be available for the institution, the idea of which was conceived by Amherst H. Wilder, and which has been so substantially provided for in the wills of both Mrs. Wilder and her daughter, Cornelia Day Wilder Appleby, whose death preceded that of her mother but a few months.

The name of the charity which is made possible by the provisions of the will is to be "The Amherst H. Wilder charity," the object of which is to provide a permanent fund for the care of the worthy poor of St. Paul, regardless of sex, color, age or religious belief.

It was the desire of Mrs. Wilder that no time be lost in establishing the charity, which is to be conducted from what is to be known as an administration building, to be located in some central part of the city. In connection with this worthy charity, the will provides for the establishment of a day nursery, where working mothers may have their children cared for during the daytime while the mothers are earning a livelihood.

Mrs. Wilder, in her will, also provided for the establishment of free public baths, to be located at some point to be selected by the managers of the charity fund. The sum of \$20,000 is set aside for the establishment of the baths, and an annual appropriation of \$5,000 for their maintenance is provided for.

In providing for such a worthy charitable institution Mrs. Wilder is but following the desires of both her husband and daughter, as well as her own wishes. The legality of the will in providing for the worthy poor in such a broad and liberal manner was made possible by the passage of a special law which was signed by the governor a few hours before Mrs. Wilder died. Aside from the bulk of her fortune which goes for charity, Mrs. Wilder leaves numerous bequests to her friends.

THE MERGER APPLICATION.

Instructions Sent to United States Attorney in the Matter.

Washington, April 18.—Referring to the application at St. Paul in behalf of the Northern Securities company, the department of justice has made public the following telegraphic instructions of the attorney general sent to the United States attorney at St. Paul on April 14.

"It is likely defendants in Northern Security case will forthwith and possibly without notice appeal to circuit court judge there for modification of decree pending appeal, or for order making appeal operate as supercedas. You are directed to watch this matter closely, and earnestly oppose any such application on ground that this is not

an ordinary case of equity jurisdiction between private parties, but special and enlarged statutory remedy in equity to enforce.

Violation of a Penal Law.

The decree finds defendants guilty of violating the declared public policy of the nation. For that reason the government opposes any suspension or modification of the judgment of the court.

"The modification proposed would in effect be an indulgence to continue to violate a law of the United States. As the suspension of the operation of law is not the exercise of a judicial function, it is inconceivable that equity rule ninety-three contemplates suspension or modification upon terms that will secure such rights of an opposite party as could be protected by a bond to indemnify. This is not such a case. The principal relief granted by this decree is the injunction; to suspend it would produce the same effect as a certificate of division in the circuit court, and deprive the decree of its force and meaning."

ABANDONS BLACK HILLS TRIP.

President Roosevelt Finds It Impossible to Visit That Section.

Cinnabar, Mont., April 18.—No news has been received from the president since he left early in the morning for Norris, in the Yellowstone, to view the geysers. As the trail had been made passable in the worst places, it is supposed that he reached his destination safely. During the last two or three days of his stay in the park the president will be joined by Secretary Loeb and the other members of the party.

The plan for the president to spend a day in the Black Hills has been abandoned owing to the impossibility of disarranging the programme as already arranged. An hour will be spent at Edgemont, where the president will be given an old-fashioned cowboy reception.

EMPEROR TO VISIT AMERICA.

Korean Ruler Will Attend the St. Louis Exposition.

Washington, April 18.—The department of state has been formally advised by Minister Allen, at Seoul, of the acceptance by the emperor of Korea of the invitation to participate in the Louisiana Purchase exposition at St. Louis in 1904.

RETURNS TRUE BILLS.

Grand Jury Takes Action in Alleged Smuggling Cases.

San Juan, Porto Rico, April 18.—The grand jury, which insisted on investigation of the so-called smuggling cases, has returned true bills against people whose names have not been published. Warrants for their arrest will soon be issued. It is reported that no indictment was returned against Commodore Mentz, U. S. N., because he exhibited a certificate in payment of duties to the treasury.

Washington, April 18.—The department of justice received the following cablegram from the United States attorney at San Juan, Porto Rico, respecting the pending smuggling cases: "True bills returned against Merritt of navy, Lowndes, marines; Crabbs, army; Giles and Butler, civilians."

MAYOR FAJARDO ARRESTED.

Porto Rican Charged With Large Municipal Frauds.

Mayaguez, Porto Rico, April 18.—Chief Hamill of the insular police, has arrested Mateo Fajardo, the mayor of Mayaguez, charged with municipal frauds of large amounts. The police have been shadowing the mayor since Thursday, as it was rumored that he was preparing for flight. The amount of the bond was fixed at \$30,000. Fajardo refused to allow his friends to furnish the bond. He was taken to jail, followed by twenty carriages and tremendous crowds, including women and children, crying, wailing and decrying the police.

NEW RACER WRECKED

LIPTON'S BEAUTIFUL CHALLENGER DISMASTED IN ONLY A SLIGHT SQUALL.

SIR THOMAS IS INJURED

Owner of the Shamrock Badly Shaken Up and a Scaman Is Swept Overboard and Drowned—Whole Accident Resulted From an Unexpected Flaw in a Little Piece of Steel—Will Delay Boat's Departure.

Weymouth, April 18.—Misfortune which seems to have pursued Shamrock III culminated in a gust of wind which dismasted her and leaves the beautiful challenger lying a helpless wreck in Portland harbor. The accident will necessitate a delay, certainly of a month and probably of six weeks, in the challenger's sailing for America, but Sir Thomas Lipton said that the accident would not be allowed to interfere with her presence in New York in time for the cup races. "My injuries," added Sir Thomas, "are painful. I was badly shaken up by the fall and have a severely smashed hand, but everything is insignificant compared with the loss of poor Collier (a brother-in-law of Captain Wringe, who was killed in the accident), who has been continuously in my service since the time of the first Shamrock. You can rebuild a yacht but you can't replace a man."

The loss of the seaman, Collier, cast a gloom over those on board Sir Thomas Lipton's steam yacht Erin, but the sentiment of the crew was unanimous in expressing relief that it was not "the governor."

Sir Thomas Lipton is the recipient of over 200 telegrams of sympathy. King Edward wired his regret at the injury to Sir Thomas Lipton and his grief at the loss of life.

Orders New Sails.

Sir Thomas said that he had already wired orders for new sails and they were now under way. Everything would depend on Designer Fife's verdict. He will decide what is to be done and what alterations, if any, are necessary.

The story of the disaster shows that when the boats started in the morning there was nothing to scare the most cautious skipper. Club topsails were accordingly set on both. Outside the breeze was steady, while beating in shore it was more squally, but the challenger carried it handsomely. When making a tack on the port a hard squall struck her, Captain Wringe gave her a few spokes of the wheel to luff, but finding she stood it well, he paid off and raced her at a pace she had never before attained. She went half a mile at this record pace, and then hove about to come to the starting line on the starboard. A lighter squall took her as she paid off. She filled, gathered way and shot forward. The catastrophe was so sudden that it was over before those aboard realized that there was the slightest danger. Spectators whose eyes had been momentarily turned away looked again to find instead of the queenly racer, a helpless wreck.

Fit to Stand a Strain.

Generally speaking, the yacht and gear were quite fit to stand all racing strain. The whole accident originated in an unsuspected flaw in a turn-buckle eye piece of steel, little thicker than a man's thumb. Possibly the strains were calculated too fine, in any case one turn-buckle going, the others followed instantaneously, depriving the mast of its chief support, the weather shrouds. No spar ever built, or grown, could stand unsupported to this press of canvas, much less the light steel shell to which Mr. Fife entrusted it. The mast snapped off. Fortunately it fell clear or there might have been a heavy loss of life. It is surmise that the seaman, Callen, was crossing the deck at the time, after leaving Sir Thomas Lipton and lost his balance with the lurch of the boat. The mast is now in four pieces. It will be impossible to repair it, but most of the rigging was duplicated before hand so that it will only be necessary to replace the mast and sails.

INVOLVES MILLIONS.

French Syndicate to Control Indiana and Ohio Oil Production.

Chicago, April 18.—A dispatch to the Record-Herald from La Porte, Ind., says:

Oil properties involving between \$6,000,000 and \$7,000,000 in the Trenton Rock fields are to be transferred to a French syndicate under a deal just closed. The syndicate will operate with the United States Petroleum company and the National Consolidated Oil company and will control most of the crude oil in Ohio and Indiana.

STRIKE IN PAPER MILLS.

Wisconsin Papermakers Will Fight for Shorter Hours.

Appleton, Wis., April 18.—The International Brotherhood of Papermakers at Neenah has refused all offers of compromise in the struggle for fewer working hours and a strike of 1,000 men will begin tonight in nine Fox River valley paper mills, the men say. The strike will be confined to mills that manufacture and print fibre papers.

REPORT MADE PUBLIC.

What British Workmen Think of Conditions in America.

London, April 18.—The report of the commission of British workmen who were taken to the United States at the end of last year by Alfred Moseley, a wealthy Englishman, to study conditions of labor there has just been issued. It presents the views of twenty-three delegates who separately synopsized their deductions resulting from the American trip. The report shows a lack of unanimity, except that all agree that the British workman has nothing to learn from the American workman, while British employers are not as far advanced as the Americans in the treatment of their employees.

Mr. Moseley says that the American workman has a far better education, "is infinitely better paid, housed, fed and clothed, and, moreover, much more satisfied."

more satisfied. Mr. Moseley says in conclusion: "If we are to hold our own in the commerce of the world, the old methods must be dropped and the old machinery abandoned."

He believes that some form of profit sharing is the true solution of the capital and labor question. He welcomes the trusts as best able to compete on the most economical lines. He says that the organization of capital on the one hand and of labor on the other will solve the industrial problem.

The reports of the delegates differ concerning the up-to-date methods of production, though the consensus of opinion is largely in favor of America, where "the distinctive feature is a handicraft for the latest machinery and the best method. The American employer and employee realize more fully than the British that brains and not brawn count."

If you want the highest class of artistic tailoring you will surely find it in a "Kaufman Garment."

The Kaufman Tweedham is a unique idea in a two-button double breasted sack coat. Unusually chic in appearance. Suitable for high class young men's trade.

The demand for labor has made the voluntary increase in wages in many lines a necessity.

The tax rate for general revenue purposes has been fixed at one mill for the first time in the history of the state.

A GREAT deal of trouble in this world could be averted if the good maxim, "what you don't know won't hurt you," was always heeded.

The Seventh district will have to struggle along with two judges as the legislature has refused to pass the bill making the third one a possibility, and this being the case, Morrison county desires to be detached from the Seventh and attached to this, the Fifteenth district.

MISS HANLON'S CONCERT.

A Small, But Appreciative Audience Present at Gardner Hall Last Night at Promenade Concert.

Miss Charlotte Hanlon gave her promenade Concert at Gardner hall last night and the event was quite well enjoyed by those who were present. There was a very small attendance, due perhaps to the fact that so many dances, concerts, etc., have been given the past week.

Miss Hanlon and Miss Halladay opened the program with an instrumental number; this was followed by a solo by Harry Butts. Miss Hanlon rendered a vocal solo and was recalled. Master McNaughton gave a violin solo, accompanied on the piano by Miss McNaughton. Harry Butts gave another solo and Miss Hanlon another selection and the first part ended by another violin solo by Master McNaughton.

The second part consisted of the romenade. Fitch's orchestra played several selections while the guests marched around the hall. Ice cream was afterward served from a well appointed booth.

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at Olaf Skauge and H. P. Dunn & Co.'s drug stores.

WILL BE THREE GREAT DIVISIONS

Official Announcement of the Changes in the Official Staff of the N. P.

NEW SUPT. OF CAR SERVICE.

The official circular announcing the changes in the official staff of the Northern Pacific is out and throws some light on the situation. There will be three divisions in the system as before. The change which is of particular interest to Brainerd people is in the office of superintendent of car service. I. B. Richards succeeds T. J. Delemere.

The circular reads as follows:

M. C. Kimberley promoted to assistant general manager.

F. W. Gilbert to be general superintendent.

Newan Klhne to be assistant general superintendent eastern district, headquarters St. Paul.

E. J. Pearson, assistant general superintendent, assigned to the middle district headquarters at Livingston, Mont.

W. C. Albee to be superintendent of Rocky Mountain division, in place of C. Russell, resigned.

I. B. Richards is to be superintendent of car service.

CURES CATARRH.

"Hyomei the Most Wonderful Cure for Catarrh Ever Discovered," says Mayor Yard.

Do not try to cure catarrh by taking drugs into the stomach; it cannot be cured in that manner. The only way in which this too common disease can be cured is through a direct application that will kill the bacilli of catarrh and prevent their growth.

Hyomei is the only known method of treatment that accomplishes this. It is the simplest, most pleasant, and the only absolute cure for catarrh that has ever been discovered.

Thousands of unsolicited testimonials have been received from the most prominent men and women in the country who have been cured by this remarkable remedy. Ministers, bankers, lawyers, even eminent physicians have sent strong testimonials as to the remarkable powers of Hyomei to cure catarrh.

Former Mayor Emory M. Yard, of Trenton, N. J., writes: "You have my permission to say that I believe 'Hyomei' to be one of the most wonderful cures for catarrh and throat trouble that has ever been discovered. In my case the effect has been marvelous. I enclose you money order for two outfits for friends of mine to whom I have recommended 'Hyomei' and who I am anxious shall have the benefit of this remarkable panacea."

The complete Hyomei outfit costs but \$1.00, consisting of an inhaler, dropper and sufficient Hyomei to last some weeks. This will effect a cure in ordinary cases, but for chronic and deep-seated cases of catarrh, longer use is necessary, and then extra bottles of Hyomei can be obtained for 50c. It is not alone the best (it might be called the only) method of curing catarrh, but it is also the most economical.

H. P. Dunn & Co. have so much confidence in the power of Hyomei to cure catarrh, that they will for a limited time, sell this medicine under their personal guarantee to refund the money if the purchasers can say that it did not help them. No. 3.

A Great Sensation.

There was a big sensation in Leesville, Ind., W. H. Brown, of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from asthma but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of consumption, pneumonia, bronchitis and grip are numerous. It is the peerless remedy for all throat and lung troubles. Price 20c and \$1.00. Guaranteed by Olaf Skauge and H. P. Dunn & Co., druggists. Trial bottles free.

ARRANGEMENTS FOR STATE TOURNAMENT

To be Held in Brainerd, June 9, 10 and 11 are Being Made-- Meeting Last Night

THE COMMITTEES TO BE NAMED

At a Meeting to be Held the First of the Week--Other Important Meetings.

The annual convention of the State Firemen's Association will be held in this city on June 9, 10 and 11 and last night there was a general meeting of the fire department to discuss the arrangements for the event. It was decided however not to name the various committees to take charge until the meeting which is to be held on Tuesday evening at the hose house.

The convention this year in Brainerd is to be made a memorable one. It is expected that there will be at least five hundred delegates present. It has not been decided definitely what the class of entertainment will be this year, but it has been intimated that there will be some good races and that some of the crack teams of the state will participate. There will be the usual banquets, balls and parades and Brainerd will be dressed in gala attire for the three days. The committees will be named at the meeting Tuesday night.

The executive committee of the Crow Wing Agricultural Society has held its meeting and the dates decided on for the fair this year are Wednesday, Thursday and Friday, September 9, 10 and 11.

The board of directors selected for this year is as follows:

D. Archibald, Gust Calvin, Fred Eimer, W. E. Snell, J. Lightner, W. H. Andrews, T. Salisbury, Wesley Curo, C. O. Nelson, B. B. Weatherby, R. K. Capistrant, C. H. Clute, G. A. McLaughlin, C. J. Rathvon, W. Johnson, Joe Fallon, H. B. McConnell, A. J. Sterritt, Daniel Dykeman, August Lusso, John Peterson, Frank Anderson, H. C. Hughey, Anton Weber, E. W. Dunn, Con O'Brien, A. J. Halsted, F. W. Wieland, W. S. Cox, C. E. Seofield.

Following are the superintendents appointed:

Horses, Maj. C. E. Ruffee; cattle, George McCullough; swine, H. C. Hughey; poultry, John Lind; fruits and flowers, D. Archibald; grains, Frank Anderson; fine arts, Mrs. Werner Hemstead; textile fabrics, Mrs. H. I. Cohen; needle work, Mrs. H. Theviot; butter, cheese, etc., Mrs. E. M. Phelps; miscellaneous, John Atkinson.

Preparations are already under way for the proper observance of Memorial day and the committees who have the arrangements for the day in their hands will spare no pains in making it one of the most elaborately observed in the history of the city. A general committee has been appointed consisting of J. A. Wilson, F. E. Kenny, T. E. Smith and A. E. Fox who will act as a committee on arrangements.

G. W. Healey has been appointed a committee of one on cemetery and graves; D. W. Whitford, on grounds; and N. M. Paine has been made marshal of the day.

An invitation will be extended to all secret, fraternal and labor organizations of the city, in fact all organizations that march under the stars and stripes, to participate in the street parade. The mayor and council, the board of education and the teachers and pupils of the public schools, are also to be invited to march in the procession. Co. F, Third Regiment M. N. G., will turn out, also the G. A. R. and the W. R. C., and the Marine band.

Immediately after dinner the parade will take place, and will be followed by speaking. The mayor will preside at these exercises, which will open with the usual G. A. R. ceremonies. Rev. C. E. Farrar, of St. Paul's church, will offer the opening prayer, and the principal addresses will be delivered by Hon. Albert F. Foster, of Litchfield, and Rev. S. W. Hoyer, of the Baptist church, of this city. Patriotic songs will be sung by the children of the public schools, and there will also be music by the band. The exercises will this year be unusually impressive throughout.

The annual memorial sermon will be delivered this year by Rev. Hoyer, at the Baptist church, on Sunday evening, May 24th. The Post and the Relief Corps will attend in a body.

SANITORIUM IS

NOW A SURE GO

Bill Introduced by Senator Ferris Passes Both Houses and Walker Gets Sanatorium.

AN APPROPRIATION OF \$25,000.

Sanatorium for Consumptives Recommended by Commission Appointed by Governor.

Senator Ferris has succeeded in getting the bill, carrying an appropriation of \$25,000 for a Sanatorium for consumptives at Walker through both houses and the institution is now a sure go.

This matter came up about two years ago, some of the people interested in the sanitary condition having suggested the feasibility of erecting a hospital for consumptives. Governor Van Sant appointed a commission, composed of three prominent doctors in the state, including Dr. J. Camp of this city, to look into the matter.

This commission made a voluminous report on the matter and recommended that such an institution be provided. Senator Ferris in consequence introduced the bill which has just passed both branches of the legislature.

MUSIC AND DRAMA.

"THE GAME KEEPER"

To-night "The Gamekeeper" will be presented at the Brainerd theatre for the first and only time in this city this season. The Salt Lake Tribune of February 20th has the following good words to say of this performance:

"The play is an Irish comedy-drama written by Con. T. Murphy and presented under the management of Rowland & Clifford.

"It is beautifully staged and presented by a well balanced company. Thos. J. Smith as Derry Doolan, the gamekeeper, and as Thomas Brady, is a fine type of Irishman--full of wit and song, and is justly the most popular member of the company. A close second to him was Baby Patti, a child of some seven summers, and a clever little lady she is.

"The minor characters were also acceptably filled. Of the ladies they were all good, not only in their parts, but good to look at. The scenery was particularly pretty, some of it being painted from nature in Ireland. The chapel scene was the best of all, and was really beautiful."

Clerks are Downed.

In the bowling match between the printers and the clerks' teams at the Globe bowling alley last night the clerks' team was badly beaten, the former team winning by 218 points. The following was the score of the three games:

First game, clerks, 452; printers, 499. Second game, clerks, 429; printers, 549. Third game, clerks, 481; printers, 546.

J. C. Brown got high score and high average, the former being 157 and the latter 145.

A team from the shops has challenged the printers and the same has been accepted and the game will be played Tuesday evening.

Those playing last night with the clerks were Albert Johnson, J. S. Smallwood, Eos Knutson and Sam Engbretson.

The same team bowled for the printers last night as Monday night.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 608 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

CONVENTION IS CLOSED

**IRISH LAND BILL AMENDED AND
HAPPY DELEGATES RETURN
TO THEIR HOMES.**

PASSAGE OF THE MEASURE

Announcement of John Redmond
Makes It Practically Certain—Prin-
ciple of American Homestead Law
Proposed as an Amendment to the
Land Bill to Safeguard Peasants
From Improvident Borrowing.

Dublin, April 18.—The Irish Nation-
al convention concluded in the even-
ing. In two days it got through a
large amount of controversial work
and emerged, to quote T. P. O'Connor,
"Scathless and honored from a test
the whole world was watching. It
was not only shaping the destinies of
Ireland, but it held in its hand the
fate of the power of the British minis-
try."

John Redmond, replying to an enthu-
siastic vote of thanks for his chair-
manship, declared that the convention
was a credit in every particular to
Ireland.

In a statement Mr. Redmond made
the important announcement that
amendments adopted by the conven-
tion will be adopted by the joint con-
ference at which Lord Dunraven,
Lord Mayo, Captain Shawe-Taylor,
John Redmond, William O'Brien and
T. W. Russell will meet. This practi-
cally insures the passage of the Irish
land bill.

The delegates returned to their
homes in a happy frame of mind, echo-
ing John Redmond's parting words,
"May the God of our fathers once
again visit this land with the peace
and plenty that are her due."

T. P. O'Connor, summing up the
day's proceedings, wrote the following:
"This was the day for agreeing on
the amendments to the land bill which
are considered essential. Most of
these were proposed by William
O'Brien. They covered several im-
portant questions, including demands
for more liberal treatment of the con-
gested districts, and of the laborers.
The proceedings were extremely har-
monious. There was an animated but
good humored discussion in the reten-
tion of an eighth as a rent charge pro-
posed by Mr. Davitt and myself, the
former representing views in favor of
the Nationalization of the land, while
I put forward these of peasant prop-
rietary. Ultimately, the resolution
was adopted condemning the eighth,
but retaining a technical rent charge."

Important Amendment.
One of the most important amend-
ments was that proposed by Michael
Davitt, that the principle of the Ameri-
can homestead law be added to the
land bill to "safeguard the peasants
from the results of improvident bor-
rowing and the operation of land grab-
bers and land jobbers."

John Redmond made the following
statement:
"The convention was the most im-
portant nationalist assembly held in
Ireland during the past 100 years. If
its recommendations be substantially
carried out by the government, the
land question will be settled and the
whole future of Ireland will be full of
hope. The convention's recommenda-
tions will be supported by the mem-
bers of the land conference and they
will be presented to the government
as the demands of both landlords and
tenants."

"I have the strongest possible hope
that the government will have the wis-
dom to accept them. If all goes well,
the result will be the absolute end of
the land war in Ireland, the union of
all classes and creeds in this country,
with the inevitable result of the con-
cession, almost immediately, certainly
within the lifetime of the present gen-
eration, of a system of national self-
government."

"I congratulate the whole Irish race
at home and abroad on this most mag-
nificent result of their labors, sacri-
fices, and sufferings of the men who
have conducted the Irish national
movement in the past few years, and
who, I hope will live to see the tri-
umph of their principles. This blessed
situation is largely due to the magnifi-
cent support we have received from
the Irish in America and American re-
public opinion generally."

Repudiated by Balfour.
London, April 18.—Premier Balfour,
in a letter to an inquirer, emphatically
repudiates any intention on the part
of the government of giving home rule
to Ireland.

CONSTABLE FATALLY SHOT.
Chicago Physician Feared His Life
Was in Danger.

Chicago, April 18.—While making a
levy at the office of Dr. John Kircher,
Constable W. D. Kruse was shot by
the physician and probably fatally
wounded.

Kircher says he fired the shot fear-
ing that his life was in danger at the
hands of the constable and two assist-
ants.

After shooting, the doctor handed
the constable the revolver, saying:
"You are an officer of the law and I
surrender to you."

ABSDURD AND UNTRUE.
Story of Decapitation of the Fairs'
Bodies Branded as False.

San Francisco, April 18.—Attorney
Charles Heggerty, who is identified
with the litigation connected with the
Fair estate, stamps as absurd and un-
true the gruesome story to the effect
that the skulls of Mr. and Mrs. Charles
Fair, who met death in an automobile
accident in France, were removed by
decapitation from their bodies, to be
used as evidence against the claims
of the Nelson family.

Mr. Heggerty says that the accounts
given of the alleged decapitation are
earnards and that the operation men-
tioned was never undertaken nor even
contemplated.

ORGANIZED LABOR.

**It May Become Involved in Postoffice
Investigation.**

Washington, April 18.—Indications
are that organized labor will become
a party to the investigation of affairs
of the postoffice department. A spe-
cial committee of the central labor
union of Washington, which has been
secretly considering the matter, has
formulated charges of favoritism, in-
competency, etc., against certain offi-
cers of the mail equipment division of
the department. The charges, which
probably will be filed with the post-
master general today, allege that mail
bags that do not conform to the spec-
ifications have been accepted by the
chief of the division, Colonel Thomas
P. Graham. Other charges alleged
among other things that a worthy and
needy white woman is discriminated
against in favor of a negro woman,
that the forewoman of the sewing-
room used offensive language to her
subordinates; that when the machine
operators were reduced from \$2 a day
to \$1.75 a day, the salaries of the
superintendents and some of the other
officers were increased from \$150 to
\$200 a year. That the suspension of
one clerk was illegal and worked up-
just; that engineers are worked over-
time without compensation; that the
foreman of the lock shop is not a lock-
maker, and that recommendations for
promotions are not based on merit.

Reports that a "promotion ring" ex-
isted to control promotions in the
Brooklyn, N. Y., postoffice, similar to
that which is now being investigated
in New York City, were brought to
the attention of the postoffice depart-
ment. It was stated in the depart-
ment, however, as yet there is no evi-
dence of such a ring in its possession.
Postmaster General Payne said that
he was not contemplating the suspen-
sion of any official during the investi-
gation.

CLOSING OF FLOUR MILLS.

**Traffic Men Say Those of Minneapolis
Are Overstocked.**

Minneapolis, April 18.—Traffic men
are smiling at the fanfare which has
accompanied closing of the Minneapo-
lis flour mills. They make no secret
of the fact that so much flour has been
placed in storage during the last two
months, owing to car shortage and
freight congestion in the East, as to
furnish transportation companies plen-
ty to carry for a considerable time. It
is claimed that the mills have been
closed because there is a glut of flour
awaiting transportation and it is neces-
sary to get the floors cleared a little
before further shipments are made.

All the water has been let run from
the dams and this indicates that there
will be no more grinding for a consid-
erable period. The men thrown out of
work on account of the lockout are
preparing to hold meetings for discus-
sion. The millers simply stand pat.
They say that every day they run the
mills under present rate sheets, they
are losing money.

A. C. Loring, of the Consolidated,
said that not a mill in the Northwest
would turn a wheel until the matters in-
volved had been adjusted satisfactorily
to the millers. It is even suggested
that the mills may lie idle throughout
the summer. The millers believe they
can afford to do without transportation
just as well as the railroads can afford
to do without freight.

AGREE ON COMPROMISE.

**Strike of Great Lakes Marine Firemen
Settled.**

Buffalo, N. Y., April 18.—After
two conferences between members of
the Lake Carriers' executive commit-
tee and members of the Marine Fire-
men, Oilers and Water Tenders' as-
sociation, the strike of the marine fire-
men which has been on since the open-
ing of navigation, has been settled
and the men will resume work at once.
The firemen demanded \$52.50 a month
for the midsummer season and \$60
a month after Oct. 1. The association
had offered the men \$45 a month un-
til Oct. 1 and \$65 after Oct. 1 and 25
cents per hour for overtime. At the
evening's conference both sides made
concessions. The lake carriers agreed
to pay the men \$47.50 a month in mid-
summer and \$65 a month after Oct. 1.
The firemen waived the offer of the as-
sociation to give them 25 cents an
hour for overtime when called upon to
work when off watch.

PRACTICALLY SETTLED.

**Threatened Strike of Elevated Road
Employees Averted.**

New York, April 18.—The threaten-
ed strike movement of the "L" road
employees was, according to all parties
interested, practically settled after a
four hours' conference between the ex-
ecutive committee of the "L" em-
ployees, John B. McDonald, the con-
tractor for the subway, E. P. Bryan,
vice president and general manager of
the Interborough Rapid Transit
company, and William D. Mahon, the
president of the Amalgamated Asso-
ciation of Street Railway Employees.
It was reported that the employees' as-
sociation had decided by a practically
unanimous vote to strike in support
of the demand for a nine-hour day, but
President Mahon, who opposed such a
course, arranged the conference
which seems to have settled matters
amicably. A further conference will
be held next Monday, when Mr. Bryan
thinks the differences will be definite-
ly ended.

CHAMPIONS OF THE NAVY.

**Guns of the Alabama Do Some Fine
Shooting.**

Pensacola, Fla., April 18.—The guns
of the battleship Alabama are now
the champion marksmen of the
American navy, having scored a gen-
eral average of 597.10 out of a possi-
ble 100 at target practice. This cov-
ers the work of one week with guns
of all calibre. At no time did the ves-
sel steam at a rate of less than 14
knots, or at a range of less than 1,400
yards. The record takes the cham-
pionship honors from the Massachu-
setts, which made a general average
of 56 per cent.

FIREMAN KILLED.

**Passenger Train Crashes Into a
Freight Near Dickinson, N. D.**

Dickinson, N. D., April 18.—Passen-
ger train No. 4, eastbound, ran into
westbound freight on a siding at
South Heart, ten miles west of here.
Guy Gleason, fireman on passenger
train, jumped, striking his head on a
tie, and was almost instantly killed.
C. D. Litch, engineer, staid with his
engine until struck. He is badly
bruised and cut up, but will recover.
Both live at Dickinson. No passen-
gers got worse than a shaking up. The
freight crew left the switch open, at
being on a curve could not be seen
by the passenger engineer until right
on them. The engine plowed through
four flat cars and left the track.

You doubtless have catarrh and want to be cured. You have tried nearly everything.
Yet there is only one absolutely known cure for catarrh in America, and that is MEDERINE.
It acts directly upon the mucous membrane through the blood, opens up the nasal passages, soothes and cleans all inflammation of
the affected parts, reaches the seat of the disease by filtering, cleansing and purifying the
blood. MEDERINE has revolutionized the treatment and cure of Catarrh, and created the
greatest sensation in medical circles.

Thousands of Catarrh sufferers in every section of the country bear testimony to being
cured of CATARRH by the only remedy that cures—MEDERINE.

A Case of Nasal Catarrh.

John L. Parks of Richmond, Ind., says: "I suffer from MEDERINE. I had a bad case of Catarrh of the Head or Nasal Organs. For years I suffered from the disease. I tried almost everything that was advertised, but without any appreciable benefit. Finally I saw your MEDERINE advertised, and concluded as a last resort to try a bottle of it. I used two courses of your treatment according to directions, and today I consider myself cured and free from the disease in any form."

Bordering on Insanity.

J. M. Lynch of Kansas City, Mo., writes: "I hardly know how to express to you my thanks for the good that MEDERINE has done me. I was a great sufferer from Catarrh of the Head. I was in a state bordering on insanity, with ringing sounds in my ears. I was easily tired out. The least exertion resulted in me losing flesh rapidly. I commenced to take MEDERINE, and in two months it cured me. I have no pains in the head, sleep well, eat heartily and am gaining my flesh faster than I lost it."
